Dear Mr. Sekgota

Complaint: Advocate A. Brink

Further to the above, an answer has been received from Advocate Brink concerning the Society of Advocate's intention to remove his name from the Roll of Advocates. That response consists, at this stage, of eight volumes of complaints against the Honourable Mr. Justice Mlambo JP.

I have broken down those eight volumes into smaller scanned bundles to aid email transmission. The eight volumes are thus contained in eleven separate bundles of documents. I shall send each bundle to you by separate email in an attempt to ensure that it is not rejected by your server. The complaints thus run in sequence from bundle one to bundle eleven.

Could I ask you to consider the contents of the answer and let me know whether you have any response thereto.

A swift response would be appreciated, but may not be possible given the voluminous nature of the answer and the detail contained therein.

I look forward to receiving your response.

Yours sincerely
